CAUTION NOTICE

Attention Contractors! The Federal Streamlining Act of 1994 (PL 103-355) requires the broad use of Electronic Commerce and Electronic Data Interchange (EC/EDI) by federal agencies and the Debt Collection Improvement Act of 1996 (31 U.S.C. 3332; 31 U.S.C. 7701) requires electronic funds transfer (EFT) for payment. In order to continue doing business with any DOD Agency, regardless of whether it is via EC/EDI or not, you must be registered in the **DOD Central Contractor Registration (CCR) database**. **For renewal or new registration information or assistance, visit the CCR web site (<http://www.ccr.edi.disa.mil>) or call 1-800-334-3414.**

The final rule on DFARS Case 97-D005, Central Contractor Registration was issued on March 31, 1998. The rule is effective immediately and applies to the award of any contract, basic ordering agreement, or blanket purchase agreement after May 31, 1998, unless the award resulted from a solicitation issued on or before May 31, 1998. Unregistered vendors/contractors may be prevented in receiving an award for solicitation issued after May 31, 1998.

If contractors are not able to register electronically, you may also register through your Value Added Network (VAN) provider, with support from the Electronic Commerce Resource Center (ECRC) listed below, or with support from the Procurement Technical Assistance Center (PTAC)

CAUTION NOTICE

A T T E N T I O N C O N T R A C T O R S !

In response to two separate but related legislative actions, the Department of Defense (DoD) has established a “**DoD Central Contractor Registration (CCR)**” database. The Federal Acquisition Streamlining Act of 1994 (PL 103-355) requires the broad use of Electronic Commerce and Electronic Data Interchange (EC/EDI) by Federal Agencies and the Debt Collection Improvement Act of 1996 (31 U.S.C. 7701) requires electronics funds transfer (EFT) for payment. The company and address stated in block 17a. of Standard Form 1449 (page 1 of the attached solicitation) therefore **MUST** be registered in the DoD CCR database if you want to continue doing business with any DoD Agency, regardless of whether EC/EDI is a requirement for award.

DoD has published guidelines for CCR in the DoD Federal Acquisition Regulation Supplement (DFARS). This DFARS coverage (Dept Letter D.L. 98-008, dtd March 31, 1998) can be viewed at <http://www.acq.osd.mil/dp/dars/dfarltrs.html>. The DFARS coverage on CCR applies to the award on **any** contract, basic agreement, basic ordering agreement, or blanket purchase agreement after May 31, 1998.

For registration information or assistance, or for annual confirmation requirements, visit the Central Contractor Registration Web site at <http://ccr2000.com>, or call 1-888-227-2423.

For further information, your attention is directed to clause 252.204-7004 Required Central Contractor Registration (Mar 2000).

****Please Note** Unregistered contractors may be deemed ineligible for award.**

NOTICE TO OUR VALUED SUPPLIERS

The Defense Supply Center Philadelphia (DSCP) currently uses an ordering system known as STORES (Subsistence Total Ordering and Receipt Electronic System) from which the DOD customers have the capability to order items electronically under the resulting contract awarded from this solicitation.

Contractors are urged to become EDI capable as the intent is for all orders to be sent electronically using a standard EDI purchase order (ASC X12 version 3040 transaction set 850) directly from the customer to you, the supplier, and eventually adding electronic invoicing to the process. Your company should therefore take the necessary steps to enable your company to compete for business in the future. Your attention is directed to clauses 52.204-9P01 Submission of Information Regarding Electronic Data Interchange (EDI) (Mar 1994) DSCP (page 43) and 52.204-9P02, Information Relating to Electronic Data Interchange (EDI) (Mar 1994) DSCP (page 44). Our goal at the Defense Supply Center Philadelphia is to utilize EDI to the maximum extent possible.

52.212-1 INSTRUCTIONS TO OFFERORS (Continued):**(e) Multiple Offers.**

Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late Submissions, Modifications, Revisions, and Withdrawals of Offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is “late” and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government’s control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract Award (not applicable to Invitation for Bids).

The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror’s initial offer should contain the offeror’s best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple Awards.

The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor (see FAR 52.233-1), or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and with legal counsel (see DLA Directive 5145.1). Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.

Also revised 252.225-7012

© This clause does not apply—

(3) To foods that have been manufactured or processed in the United States, its possessions, or Puerto Rico, **regardless of where the foods (and any component if applicable) were grown or produced.**

252.225-7012 (Continued)**What does this mean for Contracting Specialists?**

Use April 2002 Version of 252.225-7012 above SAT.

No longer must be concerned with ingredients, components of processed foods.

Still must purchase only food items manufactured or processed in U.S.

No need to add "Buy American/ Balance of Payments" Clause since Berry still restricts to domestic end products.

Need to revise wording included in the Descriptions/Specifications section of prime vendor solicitations on the Defense Appropriations Act.

What does this mean for the Food Vendors?

No longer must be concerned with or track ingredients, components of processed foods.

Vendor must certify food item supplied is domestically manufactured or processed.

As was previously the case, vendor must flow this requirement to subcontractor in commercial solicitations/contracts.

Note 1: Merely packaging or repackaging will not be sustained as "processing", but feel free to present specific situations to GS for an opinion.

I. The following shall apply to all contracts:

Force Protection (Background): The DSCP Subsistence Directorate provides world-class subsistence logistics support during peacetime as well as during regional conflicts, contingency operations, national emergencies and natural disasters. At any time, the United States Government, its personnel and/or its resources and interests may be the target of enemy aggression to include espionage, sabotage and /or terrorism. This increased risk requires DSCP to take steps and insure steps are taken to prevent the deliberate tampering and the contamination of subsistence items. The term force protection refers to those procedures and plans which are in place to safeguard product.

A. Based on the above, a determination was made to incorporate a Force Protection Plan into all subject contracts. Under this force protection plan, the vendor is responsible for the following:

1. The vendor will insure that products and/or packaging have not been altered, tampered or otherwise contaminated throughout the manufacturing, storage and delivery process, and will inform DSCP immediately of any attempt or suspected attempt by any party or parties, known or unknown to contaminate supplies. When notifying DSCP of such an event, the information provided should include:

- Date of Incident
- Customer Name, Address, Phone Number
- Specific Line Item Affected
- Observations made by delivery personnel and customers regarding the incident
- Regulatory agency or agencies involved
- Were law enforcement agencies contacted
- How was the incident resolved and what conclusions were drawn by the regulatory agency
- What changes were made to prevent a recurrence of the event

Force Protection (Continued):

2. The contractor's facility should be secured by fences and/or guards and incoming freight carriers should be required to make appointments 24 hours prior to the delivery of the product. All incoming freight carriers will be inspected and their seal numbers matched and recorded by security personnel.
 3. Personnel working at the contractor's facility should carry identification badges, and procedures will be in place to limit access to sensitive areas of the facility to only those who require it.
 4. When possible, background checks should be conducted on all truck drivers. The contractor should remain in constant contact with delivery personnel throughout the workday. DSCP endorses the use of on-board computer software that tracks an entire day for each trailer.
 5. Seals should be used at all times, and procedures should be in place to prevent tampering with the seals and/or locks once they are placed on the trailer. Procedures will be put in place for the security of the trailer during delivery and the locking of the trailer following the completion of the delivery.
- B. The Government reserves the right to inspect the contractor's facility to insure appropriate security measures are in place.

Electronic Invoicing by Suppliers via Electronic Commerce/Electronic Data Interchange:

Effective February 2004 all suppliers will be required to process electronic invoices. **This will be a condition for contract award.** An electronic invoicing system will enable expeditious payments by providing a real time system for invoice processing. In an effort to ensure that your firm is paid promptly for products that you supply, we want to utilize the best business practices available. The business practices of today reflect increased utilization of Electronic Commerce/Electronic Data Interchange providing more timely and cost effective ways of information exchange. The Defense Supply Center Philadelphia, Subsistence is migrating toward more and more use of the electronic mediums available to conduct business with you as our business partners. The Defense Logistics Agency is currently undergoing a Business Systems Modernization (BSM) initiative. This BSM initiative will change the way you currently invoice. BSM conforms to a strict adherence of detailed line item payment in concert with the order. The manual paperwork will no longer be a viable way to invoice. Invoices need to be submitted for payment promptly after delivery.

Our intention is to provide you a quick and easy way to submit your invoices for payment and to help ensure prompt and accurate payments. Efforts have been underway for some time to bring a resolution for you to be able to accomplish Electronic Data Interchange with the invoices. Several alternatives are available:

1. If your company is able to exchange information electronically through ANSI X12 format, we could set your company up as an EDI vendor immediately, being able to receive orders and send invoices electronically.
2. There are companies available for a fee who will turn your flat files into EDI Invoices (810 transactions).

Electronic Invoicing (Continued):

3. A web based solution is the Defense Finance and Accounting Service (DFAS) implemented Web Invoicing System (WInS). WInS application is a web-based technology that will create an EDI transaction for the DFAS payment system. For more information and sample screens go to <http://ecweb.dfas.mil/notes.html>. This requires creating an invoice line by line on the web and the invoice would flow electronically to DFAS.
4. The Market Ready EDI Invoicing is another web application to submit your invoices electronically. This system can be found on the DSCP web page for subsistence, <http://www.dscp.dla.mil/subs/>. You will be issued a User ID and Password, after properly registering for this site. This application will allow you to see on the website receipts by the customers, for your contracts only. You can review the receipt and, if in agreement you will simply type in an invoice number to submit your invoice to DFAS. This receipt information is available at this website for 8 weeks. The user will have the ability to add lines or change existing lines to reflect what was delivered. The changes will be e-mailed to your DSCP account manager, who will work at resolving the differences, however the customer must make the corrections electronically. Vendors are encouraged to wait until the receipt is adjusted to submit their invoices. The system will be updated daily from the receipt files. Invoices submitted using this website will generate an EDI invoice to flow through the paying process at DFAS. If you need additional information on electronic or alternate electronic invoice processing contact your DSCP Account Manager or Buyer.

One of the above methods must be used as paper invoices are no longer a viable option.
